\* We cannot accept cats w/ fleas. People often think their cat is flea-free when they are not – even indoor kitties can have fleas. Please check with a flea comb carefully, or get kitty on a treatment (ie: Advantage) at least 4 days prior to check-in. If your kitty is on a steady monthly treatment they should pass our flea-comb test, no need to double dose kitty.

**Feeding** – You provide the food. We provide slide proof bowls and feed 2x’s daily. Additional feedings are \$2 per. If different cats have different feeding plans, please use their names. Please be brief, yet specific.

*Example: AM - feed 1/3 can Fancy Feast per cat, 3 treats per cat and keep dry full all the time.*

PM:	

*Please do not put feeding instructions on your food, use the form above - we feed off a computer only.*

Changes in environment can lead some kitties not to eat. In the event of a non-eating kitty, we will use baby food or human grade meat to entice them. Price per jar/can is \$3. You may bring your own to avoid the fee (Gerber’s chicken or turkey only).

Does kitty have food allergies or is there a concern?	Yes	No
---	-----	----

**Medical Conditions** – KCS can administer medications to willing cats only. There is a cost to administer meds, \$2 per basic pill or cream. Please call for price on sub Q fluids, insulin & other special requests. Please alert KCS at time of booking so we may discuss well in advance. Please also mention anything odd but normal (ie: “has a bump on left leg, had it his whole life, no cause for concern”). Details:
